

# LGBTQ Culture In St. Louis

## Content Outline

### Project Title: LGBTQ Culture In St. Louis

I want to research and create a website about the LGBTQ culture in St. Louis including its historical milestones and important activists.

**Home Page/Introduction** – Introduce a general timeline of how St. Louis LGBTQ culture developed and where it is now.

**Pioneers** - Talk about important figures (activists, advocates, pioneers) in the LGBT culture of St. Louis; Profile a few in particular and talk about their efforts.

**Historical Milestones and Events** - Discuss historical events that helped transform the movement, like the first pride parade in St. Louis in the 70s.

**Activist Groups** - Discuss the grouping of bikers, lesbians, transgenders, etc. and their organizations.

**What's Going On Now** - Explain the current state of the Grove and recent LGBTQ events that have happened in the area. Talk about further resources people can check out to learn more about these events (like Facebook groups, etc.)

**Sources** – This page will source the book “Gay and Lesbian St. Louis” and the Wikipedia page entitled “LGBTQ Culture in St. Louis”.
